

COLD WATER ON SALEM STREET PLANS

The plans for the improvement of Salem Street and Ballardvale Road - a \$21,000 project voted by the Town Meeting last Saturday, came up before the Planning Board Tuesday night and promptly received a dash of cold water.

The Planning Board was not happy because the plans, among others, had not been submitted to them before the Town Meeting, by the Board of Selectmen. They also found plenty of things wrong with the plans as they had been voted, - and said so.

Although the Planning Board sat down and wrote a polite note to the Selectmen saying that they would like a conference 'at the Selectmen's convenience' the individual members had had a few words to say before the note was written.

No One statement was that the State Laws hold that 'no public way, etc shall be laid out or altered, etc, unless the proposed plans had first been submitted to the Planning Board'.

These plans had not only been laid out, but voted by the

town, and the sentiment of the Planning Board was to make a test case out of it.

In addition to this point members pointed out that the layout, for part of the street was only forty feet wide.

'We make a developer of a real estate subdivision put in 50 foot streets' said one member, and here, in a major artery, the town is only going to have forty feet streets.

Bob Evans, oldest member of the board in point of service called it 'a serious blunder', and pointed out that the forty foot section was where Baland Road joins Ballardvale Street, a place that he characterized as 'bad enough already'.

As proposed by the Selectmen and Town Manager the streets will have sidewalks in front of the new Intermediate School and beside it, but then the sidewalks end, where the Melanson property on Ballardvale Street begins.

There would be no sidewalk at the Eaton property, nor the Doucette property.

The plan was not signed by the board.

WILMINGTON RECEIVES HONORABLE MENTION IN ALL-AMERICA CONTEST

The Town of Wilmington was awarded an Honorable Mention yesterday, in the annual All-America City Contest sponsored by the National Municipal League and Look Magazine.

Eleven cities received an All America Title, and eleven an Honorable Mention award, out of a total of more than 80 contestants. A jury headed by Dr. George H. Gallup made the decisions.

Hartford Connecticut, Anacortes, Wash.; Falls Church Va.; Galveston Texas; Independence

Mo.; Lynwood Calif.; Milton-Freewater, Ore.; Rockville Md. Salisbury N.C.; Sioux City, Iowa and Wichita Kansas were the top eleven cities.

Honorable Mention went, in addition to that given Wilmington, to Asbury Park N.J.; Erie Pa.; Fort Lauderdale Fla.; Gallion, Ohio; La Crosse, Wis.; Louisville Ky.; Portsmouth, Ohio, Provo, Utah; Santa Clara County Calif.; and Topeka, Kans.

The urban renewal projects of Hartford gave that city top-billing, as it did to Sioux City, Iowa.

FOREIGN OBSERVERS AT TOWN MEETING

Citizens of Israel and India were at the Town Meeting, accompanied by Mrs. Henry Sullivan, President of the League of Women Voters.

From Israel were Mr. and Mrs. Daniel Khazzoom, (Mrs. Khazzoom only partly visible) and from India were Mr. and Mrs. M. A. S. Rajan. He is a civil servant, in the employ of the Indian Government.

TAXRATE PROBABLY \$67.50

The tax rate for 1962 will probably be \$67.50, as a result of the Town Meeting last Saturday, an increase of 50¢ from 1961.

\$2,604,672.01 was appropriated, an increase of \$250,000 over last year. Of this about \$150,000 additional was for schools, with one of the main reasons for the increase being the scheduled opening of the North Intermediate School this fall.

Maximum salaries for teachers were increased, with no change for starting salaries, by adding a \$200 a year increment for an additional five years, after 10 years in grade. Only a few teachers were affected by the increase. The maximum salary is now \$7000 for a teacher with 15 years experience and a bachelor's degree, and \$7300 with a master's degree.

Police and Fire Department salaries were upped \$5, across the board.

Privates in the Fire Department, and Patrolmen in the Police Department now get \$100 a week (before deductions). Lieutenants and Sergeants get \$107, and the Chiefs get \$130.

The meeting lasted five hours and thirteen minutes, from the time that the Rev. Terry Thomason gave the invocation at 1:45 pm to the moment the Moderator dropped the gavel for the last time, at 6:58 pm.

Street acceptances, water extensions, and zoning were the three items that took most of the time, with a small side-argument about veteran's club-houses.

By agreement between the Finance Committee and the Permanent Building Committee the question of additional monies to complete three schools was put aside for a later Town Meeting.

Only the Permanent Building Committee and the High School Building Committee made any reports under the Second Arti-

cle. There was no report from either the Building By-Law Committee nor the Skating Rink Committee.

Marcia Road

One of the more complicated discussions concerned the acceptance of Marcia Road, under Betterments, and it started at the time that Article 11 was brought to the floor - Article 11 being one for the laying of water mains on six streets under betterments, with Marcia Road being one.

The article had been introduced by Water Commissioner Waldo Stevens, and after a few remarks by Edward Sullivan of Grove Avenue (who spoke on practically every article) Wilson Belbin of Woburn Street moved that the Marcia Road Betterment Article (Article 16) be brought up at this time. Bel in lost his motion after a lengthy discussion, but it was not the only time he spoke last Saturday - in fact the Moderator and he got on quite friendly terms before the meeting was over.

Article 11 was then voted in the affirmative, after a lengthy discussion, and after the Moderator had surrendered the chair to Town Counsel Philip Buzzell, so that he (the Moderator) could act as an attorney in favor of water for Marcia Road.

The entire discussion was complicated, with Sullivan at one time charging that he was gagged, and Bill Berry of Nichols Street saying that 'Betterments are nothing better than a club'.

Butters Row

An effort by the Water Commissioners to have a water main installed on Butters Row lost by 19 votes of the required two thirds majority, (because a bonding issue was involved). The final vote was 153 Ayes and 104 Nays.

The arguments lasted three quarters of an hour, with Water Commissioner Stevens telling the meeting that the cost to abutters had been cut to \$3 a foot, from a previous \$3.96, that the town was paying for the work under the railroad, and that in the last hearing (cont Pg 7)

OPEN HOUSE TONIGHT

There will be many interesting things to see tonight, in the High School, as the Evening School holds its Annual Open House.

The exhibit opens at 7:30 pm. The style show, featuring dress and other garments made by the ladies is always a prominent part of the exhibition. Well worth noticing this year will be posters, drawn and printed by the High School students. One three color poster, on exhibit, was drawn by Marshall Bishop, and printed by Nick Del Nino and Stanley Riley, and is well worth a second look.

CHAMBER OF COMMERCE ELECTS DIRECTORS

18 members of a Board of Directors were elected, Monday night, in the annual meeting of the Wilmington Chamber of Commerce, held at Avco.

Elected for three years were Atty Alan Altman, Robert Clarke of Clarke Real Estate, John Robert Evans of the Pine-ridge Poultry Farm, Raymond McNamara of McNamara Tires, Robert Sumberg, Vice President of Avco, and Ed. J. Sweeney of the Commercial Bank and Trust.

Elected for two years were John W. Browne of the J. W. Greer Co., Davenport Davis of the Middlesex County Bank, John Lucci of Lucci's Market, Benny Restuccia of Wilmington Ford, Melville Woodside of the Wilmington Center Pharmacy, and Ray York of Currier's Express.

Elected for one year were Bennett Bedell of Bedell Brothers Insurance, John Caffiso of the Silver Lake Hardware, Dr. Gerald Davis, Donald Kidder of Louie's Oil, Anthony Pappadore of Highland Cleaners, and Lillian Woodside of the Wilmington Center Pharmacy.

WINNER OF 6 STATE & REGIONAL AWARDS

WATER IN THE CELLAR

In the summer of 1911 the father of the pub-
lisher of this paper built a home for himself
on Glen Road. It can be recognized today, a
cement block house, not too far from Silver
Lake.

As the foundation stones were about to be
laid the Town Clerk of Wilmington, old Jim Kel-
ley, came along in his buggy. Jim got out, went
down into that cellar hole, looked around and
said "Raise it up a foot".

Mr. Neilson was an experienced contractor.
He had established the grade of the cellar
floor several feet above the level of the near-
by brook, and thought he was safe.

But he thought things over, and raised the
level six inches, just to be safe.

Next spring there was six inches of water in
that cellar.

Mr. Kelley, an old time resident of Wilming-
ton, knew that the water from Silver Lake came
through in the spring floods, and Mr. Neilson
didn't, so that Mr. Neilson was later obliged
to "trench" around the cellar, to get rid of
that water.

There is a moral to that story. Otherwise we
wouldn't have told it.

Everytime a business man or landowner wants
to have a rezoning, in addition to having to
put up with the hazards put up, probably right-
ly, by the Planning Board, he also has to put
up with homeowners who bought, or built, homes
"close to the ground", and then cannot see any-
thing but the water in their cellars.

That was what happened to Minot Anderson,
last Saturday, in the Town Meeting. It was what
happened to another proposal, a year or two ago
in the same general area, and what happened to
Stevens Supermarket, up near Silver Lake.

People with water in their cellars believe
the only answer is to stop any nearby progress.
Others must pay the penalty.

One of the reasons, in fact the only reason
for the high water table at the end of Westdale
Avenue is that it is practically a swamp in the
first place. The water level there is only
about six inches above the water level of the
Ipswich River.

And the level of the Ipswich River, where
the Westdale Ave water joins it, is now six
inches above normal, all the year around, be-
cause of an artificial dam built when Route 93
was constructed, and never demolished.

Our town hall has known of this for several
years. Nothing has been done. It is our busi-
ness men and our taxpayers who are paying the
penalty.

You never know where trouble is coming
from next. Better see

LIKE THE JUMPING UP POLES OF CONCORD STREET

The new highway planned for the front and
side of the new intermediate school in North
Wilmington constitutes, in itself, common sense.
We are building a million dollar plus school.
There should be a good road in front of it.

It just so happens the road becomes, in a
few more feet, one of the state's numbered
highways, which adds to the importance of the
idea.

But like many other things recently we have
had the "too late" type of thinking. The first
that anyone knew of the proposed improvement
was when it appeared in the Town Meeting War-
rant, after it had been approved by the Select-
men.

The voters in the Town Meeting questioned as
to why the job was not to be done under the
provisions of Chapter 90. They had a right to,
and if it were to be done that way the town
would probably save \$15,000 (50 cents on the
tax rate). They were told that it wouldn't be
"expedient" if the road were to be finished in
time for the opening of the school.

In other words our planning (and we don't
mean the Planning Board) wasn't done until the
very last moment. The school has been a-build-
ing for about a year, but just before the an-
nual town meeting is the time to think of these
things - not when there is plenty of time to
get things done right.

We will be celebrating

we want to thank you,

LETTERS

Dear Jarz:

On this, the 50th anniversary
of Girl Scouts, I would like
to thank the citizens of Wil-
mington for their support of
Girl Scouting through you and
your publication.

I can't express myself fully
in the gratitude I have for
the people who have helped
make our cookie sale a success.
The money is all returned to
the girls either indirectly
through their camping program,
or directly to their troop for
activities and equipment.

However, there is something
missing in this town that I
feel would further Scouting in
the best interest. I have no-
ticed that the citizens are
most interested in the youth
of this town, but contrary to
some belief the civic organi-
zations have over-looked our
need for space to hold Girl
Scout troop meetings.

This may not be entirely en-
tirely their fault, as the mo-
thers of the town have opened
their own homes to the girls
for the purpose of meeting and
doing their required activi-
ties, thereby taking the full
burden on themselves.

Many people do not realize
the crying need for larger a-
reas for Scouting activities.

There are so many girls who
have a great desire to enter
Scouting, but are turned down
due to the lack of room. If
the people of Wilmington are
really interested in their
young girls there should be
more help.

Not only the area groups, but
also the politicians as they
could look into the prospect
of using the schools after
hours for troops to meet, with
out having to pay the bill of
janitor service.

I realize the town's budget
is rather complicated and over
drawn at times, but it seems
to me that for nine months of
the year something could be
done about the situation.

It would be greatly apprecia-
ted for any or all help that
could be given the matter.

Sincerely yours,

Mrs Katherine Gonzales
Wilmington Neighborhood Chmn.

Dear Jarz:

Having been recently elected
Chairman of the Wamesit Dis-
trict of the Lowell Council of
the Boy Scouts of America, I
have been reviewing the activi-
ties of this organization in
Wilmington.

I find from data supplied by
the council office that there
are now 235 boys and 79 adult
registered scouts. As of Dec
31, 1961, there were 335 boys
and 103 adults registered.
This shows that during the
last few months, we have lost
approximately one-third of our
leadership; and this has re-
sulted in a corresponding drop
in the number of boys who are
able to receive the excellent
training offered by the Boy
Scouts of America.

In order to make it possible
to bring this program to more
boys, it is necessary to en-
list more volunteer leadership.

I would like, through your
paper, to appeal to those par-
ents who have boys of scouting
age (8-18) who would like to
join in the fun of Scouting to
drop me a card. If there is a
large enough response, I will
set up an indoctrination and
training program so that those
who are interested will be giv-
en sufficient information to
enable them to help us in the
expansion of Scouting in Wil-
mington.

Yours truly,

Ralph Green

THE WAY LORD NELSON DID IT

A frequent complaint of the past few years is the lack of interest in our Town Meetings. Remedies of various sorts have been suggested.

Town Meetings should stick to the business at hand, and not wander. Voters are not liable to attend, or to stay if they do attend, if self important people expound on every article.

The democratic way is to let every person speak, but when an individual speaks on practically every article the chances are that he doesn't have much to offer, and he certainly is abusing the privileges of democracy.

Lord Nelson won the Battle of Copenhagen by putting his spyglass to his blind eye and then saying he couldn't see the signal he didn't want to obey.

We are not suggesting that our Moderator put out an eye, for the convenience of our citizens but he might well develop a mote which could prevent his seeing a person after that person has spoken 15 or 20 times.

OUR PREDICTION

Our prediction of the \$67.50 tax rate for 1962 is simple. It is based on a valuation of \$29,000,000 for property owned in Wilmington for 1962.

The Finance Committee used a figure of \$28,550,000, which is conservative.

If the valuation should prove to be over \$29 million the tax rate might even be lower, but no one will actually know until the Assessors get through totting up their figures, may be sometime in May.

And if by any chance the valuation is well over \$29,000,000 the tax rate may possibly not go up at all.

ASSESSORS ASKED TO START WORK ON LAND SALE

The Wilmington Board of Assessors have been asked to prepare a preliminary report for the Board of Selectmen on a list of tax-title land held by the town that can be sold at public auction.

The instructions were voted Monday night after Donald Kidder pointed out that no tax-title sale had been held for five years.

TOWN COUNSEL'S RE-APPOINTMENT IN FLOWING LANGUAGE

Town Counsel Philip Buzzell, reappointed to his position by the Board of Selectmen, Monday evening, will receive the news in the most erudite letter of appointment he has ever received since he first became Town Counsel back in the 1920's.

Composed by Selectman John Brooks, the letter was highly complimentary.

TRANSPORTATION HEARING

TONIGHT IN READING

A hearing tonight, at 8 pm in the Reading High School may effect the transportation picture of Wilmington for future years.

Reading's proposal to have an independent transit organization, outside of the MTA, for Reading, Wakefield, Melrose and Malden riders, is to have a hearing before the Transportation Committee of the State House of Representatives.

Both of the local legislators will be present, Rep. Thomas Donohue, (D) of Woburn as a member of the Committee, and Rep. Frank Tanner (R) of Reading, to represent his constituents.

The Reading Transportation Committee, Earle O Latham, Carl H Amon Jr and A Lloyd David, filed a bill late last year asking that a Northwest Transportation Authority be authorized by the Legislature, and it is this bill which will be the subject of the hearing.

The bill, according to spokesmen of the Reading committee, was formulated on the premise that the Boston & Maine Railroad might discontinue its passenger service to Reading.

A basic premise of the bill is that towns and cities northwest of Boston will get rail service without being in the area serviced by the Metropolitan Authority, and Mr. Latham has been quoted in the Reading chronicle as saying that the proposal could prove to be a strategic weapon in effecting compromises or eliminating undesirable provisions in any proposals that the MTA might have to extend service to Reading.

The Reading bill is patterned after similar legislation passed last year for the Wellesley-Framingham area, and a similar bill has been filed by Rep. Chadwick (R) of Winchester, for the Woburn-Winchester area.

Rep. Donohue has told the Town Crier that a proposal to borrow money from the Federal Housing and Home Finance Agency, for study of the MTA is well along.

\$1,200,000 will be available shortly, and a similar sum next year, the Woburn legislator says, none of which will be used for Capital Outlays. The money is to be used entirely for studies of the Boston transportation problem, and will eventually total \$6,500,000.

SOLICITATION CONTROL REPORT TO CHAMBER OF COMMERCE

Control of solicitations in Wilmington has resulted in the denial of seven applications, since January 1, who sought to sell advertising, tickets, and pick up prizes for parties intended to raise money for various purposes, a report to the Wilmington Chamber of Commerce has stated.

The Chamber has approved of three solicitations in recent months, namely Operation Washington, the Wilmington Skating Club, and the Veterans Clubs.

The Chamber will not approve of out-of-town solicitations, nor will it approve of telephone solicitations. Both of these have been terribly overworked, in Wilmington, the report stated.

Local organizations which are approved by the Chamber of Commerce for solicitations must agree to but one such solicitation a year.

15th REUNION PLANNED FOR CLASS OF 47

The Wilmington High School Class of 1947 is planning a 15th anniversary reunion, to be held in the Pelham Inn, Pelham, NH, on April 7th.

There is to be dinner, dancing and entertainment, under the auspices of Dr. Burt Holmes and Prof. Fred Bischoff.

John Elia, 8-4050, is ticket chairman. Tickets are \$4 each, including the meal, and reservations must be made by March 17th.

GIRL SCOUT ACTIVITIES

This being Girl Scout Week and in honor of the Fiftieth Anniversary of the Girl Scouts of America, the Girl Scouts of Wilmington attended the Church of their choice on Girl Scout Sunday, March 11th. At the Methodist Church we worshipped together at the 10:45 am service. As we entered the Church we were preceded by Valerie Camber, Senior Scout, carrying the American Flag; Linda Tulk, Intermediate Scout, the Girl Scout Flag; Karen Moore, Brownie Scout the Brownie Flag. The Yellow Flowers on the altar were given in honor of the Fiftieth Anniversary, by the Scouts of the Church and were taken to the Children's Ward at the Hospital in Tewksbury.

The three patrols of Troop 174 will be meeting with mothers and taking part in a Homemaking badge project. At Mrs. Connors home, one patrol will be learning about sewing, with each girl hemming or darning something. At Mrs. Emerys the girls of another patrol will be making brownies and cocoa. The third patrol meeting with Mrs. Spiris, will prepare supper for the family, with each girl taking part in mixing and preparing the food.

FHLB MEETING

The 29th Annual meeting of the Stockholders of the Federal Home Loan Bank of Boston was held Saturday, March 10th at the Sheraton Plaza Hotel in Boston.

Representing the Reading Co-operative Bank were Leslie D. Stark, Treasurer, and T. Gerald Richards, Assistant Treasurer. The President of the FHLB Bank, Herbert N. Faulkner, gave his annual report and noted the increased activity of the member banks during the past year. Joseph P. McMurray, Chairman of the FHLB Bank Board of Washington, reported on the activity of the thrift and home financing business during the past year nationwide. He also commented on the legislation pending in Washington relating to the nation's thrift institutions.

The Federal Home Loan Bank system was established by Congress in 1932 to provide additional liquidity to its member thrift institutions. Membership is voluntary and all stock is held by the member institutions.

MANY SUBJECTS DISCUSSED BY PLANNING BOARD

The Wilmington Planning Board Tuesday night brought up a few subjects, old and new, for discussion, and probable letters to the Selectmen and other officials.

Street Betterments. The Planning Board noted that no plans were submitted to them before the Town Meeting, as required by Chapter 41, General Laws.

Parking, Wilmington Square. The board. A year ago the board had been making plans on this subject, but were in effect stopped by the Selectmen who felt another solution was forthcoming. The board still felt there was a problem here.

Future Re-Zoning. The board felt that they should get more notice on proposed re-zonings. They felt that possibly the Selectmen could require that all re-zoning articles be submitted not less than six weeks before a scheduled Town Meeting.

Street Name Changes. In spite of what had been said in the Town Meeting the board felt that they were uninformed as to certain procedures. They wanted to know: (1) What to do about mistakes in spelling - there seems to be twenty or thirty, and does each mistake require an article in a Town Meeting, etc? (2) What shall the board do about Salem St - and could some of the changes be made by just voting to change the official map - and is the map of the town an Official Map? (3) Enforcement of the Zoning By Laws. The board voted to write a letter to the Building Inspector concerning several cases. (4) Ledgewood Road - Woodland Road. The board still feels that the interest of public safety should require these two roads to be one - there is a two foot gap between the two ends. They reminded themselves that three departments of the town had expressed themselves in favor of the idea - the Fire Department, the Police Department and the Highway Department.

LIBRARY BOARD CHAIRMAN

ENQUIRES ABOUT NEW LIBRARY

In identical letters to the Board of Selectmen and the Planning Board, Library Board Chairman Ralph Kelmon has enquired about chances of Wil-mington's building a new li-brary.

The letter was answered at length Tuesday evening by the Planning Board. Chairman Ray-mond Fitzmaurice in his letter pointed out that the Wil-mington General Plan Report of a few years ago had stated that the time to start planning was about 1964, that the debt ratio of Wilmington was very high, and that the Planning Board too felt the need of a new library.

EVERYTHING FOR THE HOME**OUR LENTEN SEASON ---- 1962**Sermons been telling this story -
hours spent and spent,Yet we must again live through
our Season of Lent.Each time it comes we do observe
it as we will,Every year a lesson for all of
us consider well still.Nearly two thousand years this
Man - and that's long ago,Our Example, how to live on earth,
lived this Season - you know.He lived it real, teaching like
you and I should also do,Accepting God's command as His
and our daily rule.Let's first make our attendance
to Church regular as we can,Not one of these Sundays to be
passed up by any man.Take from these Church Services
something that is rich,A little of our selfishness and
greed might be ditched.The solemnity of this Season
let it visit our Soul,Cast aside some pleasures that
meet Flesh as a whole,Give Flesh a recess and more
feed deeper within,Our Soul may have to surrender
and the Flesh may win.These particular Seasons and Days
observed through Church,Are those Periods that our Souls
ever seek to search.May there come to all from Lent
some new thought how to live,Or perhaps to one a greater gift
to God someone can give.Pray devoutly and sincerely for
the Blessings of Lent,An increase in loyalty to our
Church happily spent.Strengthen our interest in Church
and one can if one shall,Help our Soul to our Flesh live
a much closer Pal.

Town Meeting (fr Fr Pg)

11 of the abutters did not appear. Of those present 2 had been for the project and 8 opposed.

Mrs George M A M Webber, one of the principal land-owners on Butters Row told the meeting that if there had been a 10 inch main on Chestnut St. there would be no need of a main on Butters Row. (Chestnut St. has an 8" main - Ed.)

Rene La Rivee, former member of the Water Extension Committee which put in the Betterment Plan in 1956, called the Butters Row project a 'Plant Facility of the Water Department'.

TM Lancaster told the meeting not trying to shove anything down anyone's throat - has to go under Betterment Act - only alternative - if people own swampy land they have a right to ask for a deferment, an opinion that was backed by Town Counsel Philip Buzzell, who said that water mains cannot be laid on any street without betterments.

A question by Henry Hartwell as to the ability of the Water Commissioners to reduce the betterment charges was answered by the Moderator, who said 'certainly' (i.e. 'yes', Ed).

Stanley Webber, Principal Assessor, and husband of the Mrs Webber who had spoken previously, told the meeting that the Water Commissioners could 'use judgement'. He cited a case (Nichols - apparently a Court Case - Ed) in which he said that it had been held that judgement of commissioners on benefits should be taken in the order of (1) Benefit to the General Public (2) Benefit to the local area, and (3) Benefit to the abutters.

As a result of the negative vote, according to Commissioner Stevens, the Water Department will have to come back to another Town Meeting with an article to lay a main 'cross-country' at a cost of about \$48,500.

only one was approved by the voters, that of re-zoning land for the future use of Avco. It was moved by Atty Alan Altman, and there was some opposition from Belbin and La Rivee, but the vote was unanimous.

The article asking for re-zoning of land in North Wilmington (Article 31) had no proponent and was passed over. Minot Anderson's article for rezoning land he owns in East Wilmington (Article 36) found a diminished town meeting, with only proponents and opponents left to argue the question, when it came up at 6:08 pm.

The proposed re-zoning was approved by the Planning Board as 'extremely desirable', but the article ran into heavy opposition from residents of Westdale Avenue, who live about a quarter of a mile away across country.

Frank Ouellette, whose home is near the end of Westdale Avenue cited the culvert near his home, under the B&M tracks as being something that he had tried to get corrected by both the Town and the B&M without success, and Eugene Sullivan, of nearby Crest Avenue said that all are against it.

The discussion lasted for 38 minutes, with Bob Evans of the Planning Board saying towards the end that 'it would be unwise to build houses there'.

The motion lost, 72 in favor, 94 opposed.

Other Articles

The article asking for a 3 year term for the Moderator (Article 27) received only 10 affirmative votes, while the article asking that the Selectmen be directed to prepare precincts (Article 37) fared a little better, being defeated 23 to 120.

Favorably Voted

Outstanding articles which were favorably voted included: 11 (Water Betterments for six streets; 12, \$45,000 loan for development of water supplies from US Government Housing and Finance Agency; all street betterment articles; Article 21, asking for the purchase of an accounting machine, the purchase of a tractor for the cemetery department; the purchase of a backhoe for the highway department, further monies for the improvement of the Ipswich River channel, new building by-laws; \$8000 for surveys of future school sites and gas regulations proposed by the Building Inspector.

The Town went along with the Town Manager and appropriated \$21,000 for highway work near the new North Intermediate School, but only after he had explained that it would be 'inexpedient at this time to ask for Chapter 90 funds' because the work had to be completed this fall.
